Menu Boards:-

Vision creates Menu Boards which can be individual monitors of varying sizes or can provide support of a single menu board appearing over multiple monitors. Provide the Menu Board over a 20m x 30m or greater – create any size monitors can be connected together in. Vision has no limitation.

Fonts, sizes, images, colours and content can all be altered to suit your needs.

Crazy fonts, chalk board fonts or any other supported by the operating system Vision is operating on can be used.
